GANGES BOARDWALK VISION DEPENDS ON SALT SPRING ISLANDERS

VICTORIA — The Salt Spring Island Local Trust Committee (SSILTC) invites residents to learn about, and help set the vision for the island's busiest commercial and social hub, the Ganges Harbour.

"The Ganges Harbour and the boardwalk around it, is the commercial, cultural and community centre of Salt Spring Island and we want to plan now for its continued vibrancy and success," said Peter Grove, Trustee of the Salt Spring Island Local Trust Committee. "As we draft the bylaws governing the use of this critical piece of infrastructure, we want to hear from the people who live, work, and play in the area to set the vision for the Ganges Harbour."

The current boardwalk, located between the Rotary Park and Peck's Cove, was constructed in the 1980s as a collaborative initiative between public agencies and community volunteers. However, due to lack of statutory rights of way to ensure public access, many portions of the boardwalk fell into disrepair over the decades, with private landowners making repairs at their own expense.

Recognizing the value of the area to the community, and in order to realize the long-standing community goal of a continuous harbour-side walkway, the SSILTC has contracted Island Planning Services to help develop bylaws and land use plans that reflect the Official Community Plan and community input.

As the first step in the process, islanders are invited to two public meetings to learn more about the project and to help develop the community vision.

Ganges Boardwalk Vision...2

The community vision will help the consultants develop the draft bylaw, as well as provide meaningful information to the various agencies involved in the implementation of the Ganges Boardwalk project. Staff will present the draft bylaws to the LTC by the end of March 2016 for consideration and to determine next steps.

More information about the project is available under projects and initiatives at www.islandstrust.bc.ca/saltspring.
