Subject: support for lasqueti marine shoreline protection project

Dear Lasqueti Island Local Trust Committee,
As homeowners and part-time residents of Lasqueti, my husband, Gary, and I would like to voice our enthusiastic support of the LASqueti Marine Shoreline Protection Project including the new Development Permit Areas proposed for all properties abutting the natural boundary of the sea.

Thank you so much for your work on this crucial project. You will be thanked by many many generations to come.

Best wishes
Jessica Snyder Sachs
