To: Lasqueti Island Local Trust Committee  
Subject: Lasqueti shoreline

We, Joseph and Lynne Armich oppose the changes that are being proposed to the OCP and LUB. These changes would cause undue hardship on property owners with small recreational and homestead lots.

These changes will adversely affect the use and enjoyment of our property, and also for any future owners.

We agree on Low Level Protection, for home owners.

We feel that oil tankers and large industry (hotels) are a bigger threat to shorelines.

Most houses built on Lasqueti now, would not fit with these changes.

Joseph and Lynne Armich
