Lasqueti Island
Local Trust Committee,

Dear Sir and Madams,

As I am unable to attend the Community Information and Engagement meeting, I wish to put in my 2¢ worth in writing.

I see that Lasqueti has the smallest proportion of "protected" land in the Trust area, while also having the most ^{remaining} old forests and sensitive ecosystems. We must be doing something right without bureaucratic sledgehammers!

While going through the RAR process, we came down firmly against ~~the~~ Development Permit Areas. Lets be consistent

Sincerely,
Marti Wendt
