Re: Tucker Bay Road Water Access, Lasqueti Island

Dear Johnathan:

It has come to the attention of the Lasqueti Island Local Trust Committee that, previous to new ownership of the property legally described as "South West ¼ of Section 13, Lasqueti Island, Nanaimo District except part outlined in red on plan 610R," road access across the property to Tucker Bay was open to the public, but is now closed. As you may know, the community is voicing great concern about this closure because of the importance of this water access to the community. They would like to see this access remain open to the public. The Lasqueti Local Trust Committee urges the Ministry of Transportation and Infrastructure to assist in facilitating a public process with a view to a solution that is mutually agreeable to the community and to the private property owner. As the local land use planning decision-making body for Lasqueti Island, the Local Trust Committee respectfully requests to be kept in the loop on the progression towards this end.

Thank you for your attention to this matter.

Sincerely,

Laura Busheikin, Chair
Lasqueti Island Local Trust Committee
