

For North Pender LTC to consider in regards to supporting the interim sanctuary zone for the recovery of Southern Resident Killer Whales (SRKWs):

**Be it resolved that the North Pender Island Local Trust Committee fully supports the interim sanctuary zone for the recovery of Southern Resident Killer Whales (SRKWs) in the waters of the North Pender Island Local Trust Area.**

**Whereas the waters of the North Pender Island Local Trust area extend to the US border in Boundary Pass and Georgia Strait, the North Pender Island Local Trust Committee resolves that in the waters of the Local Trust area commercial whale watching boats be regulated and or licensed to mirror the regulatory regime in the adjacent waters of Washington State.**

**Be it resolved that in the waters of the North Pender Local Trust Area we support large commercial vessel speed reduction initiatives as part of the Southern Resident Killer Whale 2019 Conservation agreement signed between Canada and shipping industry stakeholders. We acknowledge voluntary speed reduction efforts in the Local Trust Waters and view the requirement to reduce transit speeds in support of SRKW recovery to be the equivalent of a voluntary bylaw in the North Pender Local Trust Area.**

Hi there,

We have one more in regard supporting commercial vessel slow down in Boundary Pass.

I'll send that along shortly along with further explanation.

Thanks all,

Lee

**SA-2020-006**

**It was Moved and Seconded,**

that the Saturna Island Local Trust Committee fully supports the interim sanctuary zone for the recovery of Southern Resident Killer Whales (SRKWs) in the waters of the Saturna Local Trust Area.

**CARRIED**
