

Annual Comparison by Site - All Sources with estimates

	t CO ₂ e, GHG, All	
	2019	2020
Islands Trust		
Stationary Energy Use	22.2	1.29
Mobile Energy Use	27.0	7.56
Office Paper	3.02	1.24
GHG Inventory Estimates		21.1
TOTAL	52.3	31.2

Calculated: 06.08.2021 15:00, Cache: 27.07.2021 02:00

Note: In 2019 GHG inventory estimates were reported under Stationary Energy Use. Estimates are done for almost all leased office space based on square footage as Island Trust does not pay BC Hydro directly for hydro usage.

Note: reduced GHG emissions in 2020 due to Pandemic which curtailed most travel that normally takes place
