Peter Luckham, Chair
Islands Trust
c/o Jas Chonk
Email: jchonk@islandstrust.bc.ca

Dear Mr. Luckham

Thank you for your letter of April 30, 2018, regarding my ministry's phase two engagement on the development of the new spill management regulations. I apologize for the lengthy delay in responding.

I appreciated the opportunity to discuss this issue with you in person, and I believe it is important for all British Columbians to have a voice in making sure their province is managed in a sustainable way.

Thank you for taking the time to share Islands Trust's submission to the phase two consultation on the proposed regulations with me. I have forwarded your letter to the Environmental Emergency Program for inclusion in the official feedback documentation. A summary of the feedback received will be released later in 2018. As the engagement process continues, I invite you to visit [our website](#) for more information.

Thank you again for taking the time to write.

Sincerely,

George Heyman
Minister
