## REQUEST FOR DECISION

**To:** Local Trust Committees **For the Meeting of:** September 28, 2021

**From:** David Marlor, Director, Local Planning Services **Date Prepared:** September 15, 2021

**SUBJECT:** New Fee bylaws

---

### RECOMMENDATION:

**That the Thetis Local Trust Committee request Staff to draft a new Fee Bylaw based on the model fee bylaw attached to Trust Council Policy “5.6.1 Application Processing Services.”**

### DIRECTOR COMMENTS:

The recommendation will allow staff to draft a fee bylaw specific to each local trust committee’s needs based on the model fee bylaw adopted by Trust Council.

---

**1 PURPOSE:** To update all local trust committee fee bylaws to be consistent with the new Application Processing Services policy.

**2 BACKGROUND:**

At its regular business meeting in June 2021, Trust Council adopted a new Application Processing Services Policy that includes a model Fee Bylaw. Trust Council also passed the following resolution:

*That Trust Council request all local trust committees to consider adoption of a new application processing fees bylaw based on the model fees bylaw attached to Policy 5.6.1 “Application Processing Services”.*

The Trust Council application processing services policy has been amended to:

1. clarify more specifically the activities covered by the application fee to remove ambiguity;
2. remove the need for planners to determine the work required at the start of the process, which has been identified as practically impossible to implement;
3. establish an objective of 80 per cent of the average processing cost for cost recovery;
4. add more clarity around when cost recovery agreements are required, and what are considered extraordinary cost charges; and
5. add a model fees bylaw to the policy as an attachment.

A new model fees bylaw has been developed that:

1. has updated fees that better reflect the actual average cost of processing the various types of applications, designed to include the staff costs and the fixed costs, such as meeting expenses and advertising;
2. adds consideration for recovery of costs associated with First Nation site visits if required;
3. adds more robust fee refund policy to improve fairness;
4. adds an annual automatic increase of fees of two percent to reflect the estimated actual cost increases due to inflation and collective agreement increases for staff;
5. retains ability of local trust committees to reduce fees by up to 20 percent, intended to allow flexibility recognizing local factors affecting cost of application processing;
6. adds flexibility to allow for reduced temporary use permits fees for community benefits as defined by the local trust committee in its official community plan; and
7. adds a 20 per cent higher fee for applications where development began without a permit or permission to reflect the higher cost of processing such an application.

Each local trust committee has been asked by Trust Council to update its fee bylaw to be consistent with the model fee bylaw approved by Trust Council. If a local trust committee wishes to adjust fees in accordance with items 5 and 6 above, the local trust committee should include this request in the resolution to develop a draft fee bylaw. While a local trust committee is under no legislative obligation to amend its fees bylaw, Trust Council has developed the model fee bylaw to assist in assuring the fees charged better reflect the cost of processing applications using shared resources throughout the Islands Trust Area.

Please note that fees charged are to recover the average cost of processing that type of application. Fees cannot be used to be punitive, or to raise funds above the average cost of processing an application. Local trust committees cannot charge fees for building permit referrals or Crown land referrals as there is no authority provided to do so.

Local trust committees are authorized to charge fees for different types of applications as follows:

- **Section 462 of the *Local Government Act*** provides that a local government may, by bylaw, impose fees related to applications and inspections to recover the average costs of processing official community plan amendments, land use bylaw amendments, subdivisions bylaw amendments, heritage conservation bylaw amendments, issuance of a development permit, development variance permit, temporary use permit, heritage alteration permit, land use contract amendments, heritage revitalisation agreement amendments, board of variance orders, and inspection of works and services related to applications and permits, and subdivision applications;
- **Section 31(2)(b) of the *Islands Trust Act*** provides that a local trust committee may impose fees to recover the cost of processing siting and use permits;
- **Section 41 of the *Liquor Control and Licensing Act*** provides that a local government may, by bylaw, impose fees to recover the cost of processing liquor and liquor licensing referrals; and
- **Section 35 of the *Cannabis Control and Licensing Act*** provides that a local government may, by bylaw, impose fees to recover the cost of processing a referral for a license under that Act.

Section 462 of the *Local Government Act* also states that local governments must not impose a fee, charge a tax or require works or services to be provided unless authorized by this Act or any other Act. For this reason, fees are not charged for processing of building permit and Crown land referrals, as there is no authorization in any Act for local trust committees to recover these costs.

Fee bylaws are administrative bylaws. There is no requirement for public input. The local trust committee may consider first, second and third readings all at one meeting. The Executive Committee must approve the bylaw before the local trust committee can consider adoption.

Ideally, all local trust committees will have considered updating their bylaws by March 2022 so that the assumptions on revenue can be included in the next fiscal year budget process.

## **2. Extraordinary Processing Services – additional fees required**

Extraordinary Processing Services are services provided to the applicant that are beyond the standard processing services identified in 1.1- 1.4. Applicants are responsible for paying additional fees for extraordinary processing services.

### **2.1 Role of LTC in Determining Necessity for Extraordinary Services**

- 2.1.1 Local trust committees (LTCs) can determine the necessary requirements for processing applications. These requirements may necessitate extraordinary processing services, where the actual or estimated processing service level costs are in excess of the costs of a standard application fee for a similar process because:
  - 2.1.1.1 of additional requirements such as additional public consultation, complex covenant requirements or extensive staff time; or,
  - 2.1.1.2 the processing requirements include services obtained from professions outside Islands Trust such as special technical assistance and/or specific legal services; or,
  - 2.1.1.3 the processing requirements include First Nations site visit(s).
- 2.1.2 The Regional Planning Manager is responsible for assisting LTCs in identifying and costing extraordinary processing service requirements and advising the LTCs of the options available to handle these requirements.
- 2.1.3 The Regional Planning Manager is responsible for ensuring that complex service requirements include terms of reference which outline detailed criteria and parameters for the extraordinary services that are required.

### **2.2 Provision of Extraordinary Processing Services**

- 2.2.1 Extraordinary processing services can be provided by Islands Trust via a cost recovery agreement, with costs to be paid by the applicant, in addition to the applicable standard fee.
- 2.2.2 A resolution of the LTC following the recommendation of the Regional Planning Manager is required to proceed.
- 2.2.3 When extraordinary processing service requirements have been identified, the applicant should be advised by staff that the application cannot be processed until additional funds are provided by the applicant and a cost recovery agreement with the Islands Trust is signed and a security deposit has been received.

## **3. Extraordinary Services Cost Recovery Agreements**

### **3.1 Extraordinary Services Cost Recovery – Principles**

- 3.1.1 Cost Recovery Agreements reflect a service level which includes the extraordinary services needed to undertake the approval process for a complex application.
- 3.1.2 Cost Recovery Agreements will endeavour to recover all costs of processing that exceed the standard costs of processing services.
- 3.1.3 The existence of a Cost Recovery Agreement will not fetter a LTC's discretion with respect to an application before the committee.
- 3.1.4 Authority for negotiating Cost Recovery Agreements is provided within the respective LTC Fees Bylaws.
- 3.1.5 Cost Recovery Agreements will proceed only by resolution of the LTC after consultation with the Regional Planning Manager, except in situations where an applicant is seeking to discuss an issue directly with Islands Trust legal advisors, in which case the Director of Local Planning Services may approve the Cost Recovery Agreement.
- 3.1.6 The Cost Recovery Agreement letter will be submitted, together with the recommendation of the Regional Planning Manager and the LTC resolution, for approval by the Director of Local Planning Services (or designate) prior to final agreement with the applicant.

### **3.2 Services Requiring Extraordinary Services Cost Recovery Agreement**

The services identified below are considered to be beyond the scope of standard processing services. These services require payment, in addition to standard application fees established in the Fees Bylaw, of additional fees based on a cost recovery agreement between the Islands Trust and an applicant:

- 3.2.1 staff time required for covenant development;
- 3.2.2 staff time to attend more public consultation meetings than that already covered by the standard application fee, including community information meetings, advisory planning commission meetings, and public hearings;
- 3.2.3 technical assessments or studies as required by the local trust committee;
- 3.2.4 retaining special technical assistance required by the local trust committee;
- 3.2.5 additional legal counsel services required for the application not covered under the estimated direct costs of the Fees Bylaw;
- 3.2.6 process agreement negotiation;
- 3.2.7 First Nations site visits;
- 3.2.8 other resources and/or services required by the local trust committee to process the application not covered by the Fees Bylaw.

#### **4. Funding Basis and Fee Adjustments**

- 4.1 Application processing services are funded primarily through fees, as per a LTC's Fees Bylaw. Local trust committees should adopt a Fees Bylaw consistent with the model Fees Bylaw in Attachment 1.
- 4.2 Standard fees in Fees Bylaws are to be based on average processing costs, as per Section 462 of the *Local Government Act*, Section 31(2)(b) of the *Islands Trust Act*, Section 41 of the *Liquor Control and Licensing Act*, and Section 35 of the *Cannabis Control and Licensing Act*. Standard fees are calculated as the product of staff labour costs multiplied by processing time (including Planner and administrative support). Standard application fees include estimated direct costs.
- 4.3 A local trust committee may enact variances of up to 20% below what is indicated in the Trust Council's Model Fees Bylaw when adopting a LTC Fees Bylaw. The following criteria must be considered when evaluating a fee variance:
  - 4.3.1 the level of community/environmental benefit offered by the type of application;
  - 4.3.2 variances in direct costs (e.g. hall rental); and,
  - 4.3.3 an amendment to an approved application occurring within 6 months of the approval date.
- 4.4 Variance to a Fees Bylaw must be adopted by bylaw amendment. All LTC Fees Bylaws and Fees Bylaw amendments must be approved by the Executive Committee before adoption by a LTC.
- 4.5 Where the model fees bylaw permits reduced fees for temporary use permits that have a community benefit and are small scale, the local trust committee fees bylaw must specify the actual community benefit to which the fee applies, and should be supported by policies in the official community plan on what are considered amenities to the community.
- 4.6 Applications for development that begin without a permit or bylaw authorisation are subject to a 20 per cent surcharge to recover the additional cost in processing these types of applications.

#### **5. Application Fee Sponsorship**

- 5.1 If eligible, as identified in [Trust Council Policy 4.1.13 Guidelines for Executive Committee Sponsored or Local Trust Committee Initiated Development Applications](#), the applicant may apply for development application fee sponsorship.

## **6. Development Approval Information**

- 6.1 The Development Approval Information (DAI) Bylaw provides a mechanism to ensure that the LTC receives appropriate reports and documentation (such as reports from engineers, biologists, hydrogeologists, and geotechnical specialists) from applicants to support rezoning, temporary use permit, and development permit applications.
- 6.2 DAI bylaws reduce operational costs by ensuring that applications are complete and the information provided is appropriate.
- 6.3 Local trust committees should adopt a development approval information bylaw.
- 6.4 The Regional Planning Committee should develop a model Development Approval Information bylaw for addition as Attachment 2 to this policy.
