

Schedule A: Bylaw Amendments / Rezoning

Bylaw Amendment Process

A request to the Local Trust Committee (LTC) may be warranted when a development proposal does not comply with LTC bylaws. Official Community Plan (OCP) Bylaws and Land Use Bylaws can be viewed at www.islandstrust.bc.ca. If a proposal is consistent with the Official Community Plan (OCP) but doesn't meet the density or use provisions within the land use bylaw, a land use bylaw amendment (rezoning) is required. If the proposal is not consistent with the OCP, an OCP amendment may also be required. An application for an OCP amendment may be made at the same time as an application to amend the land use bylaw.

Pre-Application

- Review the Islands Trust Policy Statement, Official Community Plan and Land Use Bylaw.
- Discuss the proposal with an Islands Trust planner in order to understand the process, application requirements and potential interests and requirements of other agencies or First Nations.
- Examine your Title Certificate to see if any title charges (e.g. easements, covenants) affect the proposal.
- Confirm requirements of other government agencies.
- *(Optional)*: Consult with property owners who may be affected by the proposal, individually, or in an "open house" or "public meeting" sponsored by the proponent to gather feedback on your proposal.

Application Process

Typical steps in the application process include the following:

Additional Requirements

In addition to complying with LTC bylaws, applicants are responsible for meeting all other regulatory requirements applicable to land use and development in BC (e.g. *BC Building Code, Transportation Act, Water Sustainability Act, Environment Act, Public Health Act, Agricultural Land Commission Act*, etc.).

Upon submission of an amendment application, including all required information, application fee(s) and an advertising deposit (see Submission Requirements below), planning staff will review the application. It is strongly recommended that you contact Planning Staff to discuss your proposal prior to submitting an application

Where a parcel is designated within a development permit area (DPA) by an OCP and the proposed development is not exempt from the DPA guidelines, the property owner or agent is also required to apply for a development permit.

To make an application for a development permit, the required fee and a completed application form must be submitted, along with any applicable additional information as listed in the application form. The DP application may be reviewed concurrently with a bylaw amendment application.
